

GRACE AND ANTHONY FOR TREASURER(\$)

Who are we?

I'm Anthony and I am a third year Maths student.

I'm Grace and I am a first year Geographer.

Why Us?

- We have proven we work well in a team as we managed to make it through 1.9/2 runs in a C2 at BUCS slalom ... **impressive** we know ...
- Anthony has experience handling money as he was the Financial Director of his Young Enterprise company at school.
- Between us we are present at most sessions so will be around to pester people for money.
- Anthony has learnt how to keep Grace in cheque 😊
- Anthony is like super good at maths, Grace will colour things in to make them pretty cos that's all she's good for.
- Grace has shown strong-will and determination with her push-ups, though she will never live up to the strength of the current treasurer.
- Grace will (literally) climb round tables to get to the bottom of things.

This is the only swimming we will allow:

(i.e. no swimming in debt)

Plans for the year:

1. Making more money for the club

How you ask? You know those sessions where 3 people turn up? (i.e. George and friends) We are renting out the pool for the same amount every time and making a loss in these sessions. By thinking in advance about what sessions are going to be unpopular, we could minimise costs for the club by not running pool sessions on these days.

2. More regular online account updates

Despite someone *not pointing fingers* proposing bi-weekly updates, we all well know this doesn't happen ... **HOWEVER** we will stick to our word and have more regular updates (likely weekly).

Proposer: Natasja Brenninkmeijer

Second: Calum Spooner
