“Always wear your BA in the kitchen. Safety first!”

Why me?

- Can paddle in a straight-ish line. Have been doing so for over ten years & used to race on flat water.
- Spend more time with DUCC than on my degree. Loads of polo, whitewater, Wednesdays and fitness this year. I <3 DUCC.
- BC Paddlesport Instructor & Leader & 1st Aid trained. Lots of experience teaching people to paddle and leading sessions for RAF cadets.
- Admin/organisation experience through volunteering for RAF cadets including planning events, risk assessing, booking scout huts and swimming pools. I weirdly enjoy it.
- Very bad at ‘oink my piggy oink’ due to distinctly wide kneecaps; better at table traverse, falling out of playboats and eating trees.

As Vice-Captain...

- Support the captain and other exec with their roles, particularly media face of club.
- Run loads of sessions - already doing some. Mix them up, e.g. more wavehopper/open canoes, summer anti-exam stress paddles.
- Massively push fresher taster sessions & ongoing advertising of the club to pick up new members. Posters in colleges, bribe team Durham to let us do an Insta takeover.
- Organise FSRT & WWSR courses. Stash.
- Post-exam cardboard boat race carnage.
- Update website swims & honour the gods.
