

DUCC Exec meeting 06/03/2025

Present: All (other than Fin)

Looked at Polo BA designs. Martin (FODUCC) transferred their grant money, Roisin put in the payment request.

Should keep the old ones for morning fitness etc. To preserve the new ones.

Roisin money update:

Club owed about £200. Taking into account money the club is owed and owes (including money spent on new BAs), roughly £1000 left in the account.

Polo bumpers – waiting to hear back.

Pipe insulation for polo boat rack. Very expensive in B&Q, look in builders merchant instead.

Gel coat for polo boats. Will look into the cost of resin. Talk with Fin.

Fabalon for some of the boats? Not paid for using club funds if only for bucs.

Roisin to look into reclaiming VAT on new BAs.

Agreed £200 budget for new canoe seat, seat fitting kits, foot plate bolts. Charlie to organise through palm trade account.

Will empty the Stockton container after exams.
