- Alumni sports day. Polo in London. They made a loss last year but it won't happen again. On Sat 6<sup>th</sup> Jan in Chiswick. Need a girls and a boys team to play. Bucko selecting (preferably people nearish to London) then putting them in contact with Chris Lomas.
- BUSA slalom. Bucko is running safety but not too the detriment of Durham people entering the competition. Party at the River Tees Water Sports centre. BBQ then social. £10 or £4 without food. Polo comp on Sunday morning before the barrage gets turned on. 16 teams knockout, 5 min games can lend our club kit. £10 per team entry.
- Reunion. Last one was in 2004. It was agreed to be every three years so due in 2007. Therefore Sat 5<sup>th</sup> May. That's the first back after the Easter holidays the one after BUSA polo. Planned day at beach then black tie dinner. Late license with band in the 3 tuns. Need to get more than 70 there to break even. To be marketed as Canoe club ball to get present members there as well. Ticket price £30 start selling tickets in New Year.
- Slalom appeal. Get £150 from Tyne tour. Calendars are to be the main push. Need to sell at least 50 Deadline end of November.
- Palatinate Ball, 9<sup>th</sup> June. Instead of Palatinate dinner this year to celebrate 175 years of Durham university. They're aiming for 800-1000 members. £80 for sat night. Give out palatinates as normal. Starting advertising from December.
- Rivers access. Wear was one of three trial projects run by BCU to improve access. Brighton university were appointed by BCU to negotiate however didn't have much luck. Currently three sections under discussion; a) Sunderland bridge to Shincliffe, b) City stretch, and c) Fish weirs to Finchale Priory. Houghall has an agreement in place with the landowners of stretch a), the university owns much of the land for b) and it is used by many groups, however the access for c) is now worse than it was before. The local environment agency representative is going to try and repair any damage done however for now Prebends Weir and beyond should not be paddled. Things that have come about are improved signage for the city stretch. Chris Lomas to represent the club and university on the River Users Forum.

3. **Calendar**-sell lots therefore more money hurrah!

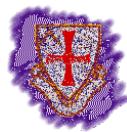

4. **Website**- new one created by Chris Lomas now online. Everyone on the exec has admin rights. Learn to use them and ask for help if needed.

5. **Money**- next claim date for grant is the 10<sup>th</sup> November. Currently lots of money coming in and going out however the finances are looking good partially due to having lots of members sign up this year.
